KATHY LUNDERGARD, Office Manager

RE: DUST CONTROL PERMITS

Harrison County Road Department keeps a Dust Control Permit on file for each location where dust control has been applied. This allows for proper preparation and maintenance of the treated area. The annual permit fee is \$25.00 and is included in the contractor fee.

Jerico Services/Husker Chem Sales from Weeping Water, NE and Heffron Services from Van Meter, IA are approved contractors used by Harrison County for Calcium Chloride or Magnesium Chloride application.

The County does not endorse any specific supplier. However, any material applied for dust control must have prior approval from this office. You should contact the supplier directly to arrange for treatment of the permitted area. The telephone number for Husker Chem is 800-422-4820. The telephone number for Heffron Services is 515-321-5033. The cost of the dust control application is between you and the contractor.

Sincerely,

**HARRISON COUNTY ENGINEER**

Steven Struble, P.E.

# Got Dust?

## DUST CONTROL APPLICATION – 2021 SEASON

**Product Used:** Magnesium Chloride

- **Application and payment must be received in our office by MAY 1<sup>st</sup>.**
- Specific application dates are based on when the County has prepared the roads and authorized us to begin spraying. Dates are subject to change and are impacted by weather. The first application occurs Mid-May through Mid-June. The second is approximately 60 days after the first application.
- Applicant agrees to maintain flags to mark outer limits of the area to be treated. **Flags must be in place May 1<sup>st</sup> until October 15<sup>th</sup>.** Failure to do this could result in the area being bladed. Neither the County nor Heffron Services assume any liability if your flags are not in place. If area is not marked, drivers will either center on your house or use their best judgment for location.
- Our trucks are equipped with computer equipment that allows us to spray the exact amount of footage ordered. If your flags are set longer than the footage paid for, your dust control will not reach both flags. If your flags are set shorter than the footage paid for, your dust control will extend past your flags.
- The county reserves the right to blade the treated area to maintain the public safety. Your road will be bladed after October 1<sup>st</sup>.
- Heffron Services, Inc. does not guarantee the performance of the product due to factors such as weather, surface preparation, gravel materials, heavy traffic patterns and maintenance of the roadway.
- **Include payment with this application.** We will cash your check after the first application, or May 15<sup>th</sup> whichever is earlier.
